### WHAT IS DACA?

Deferred Action for Childhood Arrivals (DACA) is a United States immigration policy that allows some undocumented immigrants who were brought as children to apply for a renewable one-year period of safety from deportation and become eligible for a work permit in the U.S.

In order to be eligible for the program, recipients cannot have felonies or serious misdemeanors on their records, must have come to the US before June 15, 2008, and must have a high school diploma.
